

Tom Green County Fresh Water Supply District #2

P.O. Box 131

Christoval, TX 76935

The following processes must take place to purchase a new meter from the Tom Green County Fresh Water Supply District #2:

- Contact a plumber to install a tap so that a water meter can be installed. Taps can run from **\$2,200** to **\$4,800** depending on where the water line is located.
  - List of known plumbers who can install taps:
    - M & R Construction (Mike Campbell): 325-716-5727
      - Mike's rates are **\$2,200 - \$3,000** for one tap. If there are multiple taps, his rate is **\$2,800** for two.
- Purchase a water meter from TGCFWD#2. The current price is **\$692.00**.
- Have a Customer Service Inspection (CSI) completed by a certified plumber.

NOTE: Current cost for a CSI is **\$100.00**.

- *Before continuous water service for new construction is established, Texas law requires an inspection of the private water-distribution system to ensure the water is safe to drink. This type of customer service inspection is required in Title 30 of the Texas Administrative Code (TAC), Subsection 290.46(j). All the rules in 30 TAC 290, Subchapter D are administered by the Texas Commission on Environmental Quality (TCEQ). These rules are contained in the TCEQ publication, Rules, and Regulations for Public Water Systems, RG-195.*
- *The purpose of a customer service inspection is to identify whether one of two potential sources of contamination exists. One is a cross connection, an actual potential connection between a drinking water supply and a possible source of contamination or pollution. The other potential source of contamination is lead plumbing materials.*

A copy of the CSI form must be given to TGCFWD#2 plant manager. This is a Texas Commission on Environmental Quality (TCEQ) requirement.

- Complete a TGCFWD#2 Application to set up a new account with the Water Department.
  - Application cost is **\$75.00** deposit; **\$25.00** for connection. The Water Department accepts checks and money orders. We do not accept cash.

If you have questions, please contact the Water Department at 4366 Anson Street. Office hours are 8:00 am to noon.
